Director of Nursing, Tawam Hospital  
Al Ain, U.A.E  
[sjshamsi@seha.ae](mailto:sjshamsi@seha.ae)

## Course Description

The workshop is designed to enhance the professional capacity of Registered Nurses working at healthcare institutions across the Eastern Mediterranean region. Through this program, participants will engage directly with leading experts in pediatric oncology, gaining valuable insights into the complex and multifaceted challenges that Registered Nurses face in this specialized field. In addition to theoretical knowledge, the workshop emphasizes strategies that address the everyday realities of pediatric oncology nursing.

This initiative provides a dynamic platform for registered nurses, including those in leadership roles, to exchange best practices, explore innovative leadership initiatives, and develop empowerment strategies. By fostering a collaborative environment, the program aims to cultivate a spirit of excellence and equity in patient care, leveraging both regional expertise and international perspectives. Ultimately, the workshop seeks to promote continuous professional development, encourage cross-border collaboration, and strengthen the collective capacity of nursing professionals in the Eastern Mediterranean region to deliver high-quality, compassionate care to pediatric oncology patients.

## Learning Outcomes

**By the end of the event, the attendee will be able to:**

1. Develop a broader understanding of the requirements, and core competencies for the nurses' professional development in the field of pediatric oncology
2. Examine the latest modalities and research for palliative care, management of pediatric leukemia, and global leadership strategies in pediatric oncology
3. Recognize the pediatric early warning signs and sepsis management

The above knowledge acquisition will be evaluated with a self-report.

## Target Audience

This program is targeted toward registered nurses, educators, Clinical Nurse Specialists, and Nurse Managers who work with pediatric oncology patients. The workshop is also relevant for nurses in leadership positions in pediatric oncology.

## Contact Hours

**To claim full contact hours, participants should:**

- Attend the whole program,
- Complete the online education activity evaluation survey

Participants will be awarded 7 contact hours by the American University of Beirut Medical Center provider unit (CPDC), which is the entity responsible for ensuring adherence to the American Nurses Credentialing Center's criteria.

## Registration

Registration is by invitation only.

This session is offered at no cost to participants.

**None of the planners, planning committee members and presenters for this activity have relevant financial relationship(s) to disclose with ineligible companies.**
